Thank you for choosing Frederick Dermatology Associates and entrusting your dermatology care to us. We are a full-service dermatology practice with the goal to provide the best dermatological care possible in an atmosphere that takes customer service seriously. We are honored to have you as our patient and will strive to combine the expertise of a university dermatology division with a warm and friendly environment. In our practice we take care of a variety of skin conditions, ranging from acne, moles, and warts, to psoriasis and skin cancer. In addition, we possess expertise in surgical and cosmetic dermatology. If you haven’t visited our website, please visit us at www.frederickdermatology.com.

We want your experience at our office to be smooth from the day you make your appointment. In order to make your initial visit pleasant and effortless, please help us by filling out the patient information form that we have included. Additionally, after your appointment, please feel free to provide your feedback through an anonymous survey at www.drscore.com. This way we can listen to your constructive comments and make any necessary changes to achieve the highest level of satisfaction.

Our commitment to our patients is to provide shorter wait times for appointments and excellent customer service. We participate with most insurance plans. If you do not carry insurance, you will be responsible for the cost of the appointment at time of service. (An average medical appointment ranges from $110-$160 for a new patient and $65-$100 for established patients). Surgical and other procedures may increase the charge for the visit. Payment at the time of the visit may be paid by check, cash, or major credit cards. You may also use a flexible spending account or health savings account to pay for your visit. Payment for all cosmetic procedures is NON-REFUNDABLE, but TRANSFERABLE to other cosmetic services.

Again, we are privileged to take care of all your skin care needs. We look forward to seeing you at your appointment. If you have any questions or concerns about our practice, please do not hesitate to contact us.

FINANCIAL POLICY

Frederick Dermatology has implemented a secure web-based credit card payment solution. Your credit card information is stored in a compliant site which meets the Payment Card Industry Data Security Standards (PCI/DSS). Please present a valid credit card.

Your insurance company will be billed charges for today and any future appointments. By signing this form, you agree that any remaining allowed amount (i.e. coinsurance/deductible) that is due as the patient’s responsibility will be charged to your credit card on file. A receipt will be emailed to you immediately when a transaction is processed. This method of payment eliminates paper statements being generated and mailed to you, a cost savings, and to provide you an easier and more efficient way to resolve the balance on your account.

This in no way will compromise your ability to dispute a charge/payment or question your insurance company’s explanation of benefits. If you have any questions, please do not hesitate to ask.

Cosmetic procedures are not reimbursed by health insurance plans and full payment is expected at the time of the procedure.

I authorize Frederick Dermatology Associates LLC to charge my credit card the outstanding balance on my account. Please indicate which credit card:

Visa  MasterCard  American Express  Discover  Expiration Date: ___/___/___

Do I have to leave my credit card information to be a patient at this practice?
Yes. This is our policy. You have the option to seek dermatologic care elsewhere if you do not want to accept our policy. We appreciate that you have a choice and respect your decision if you decide to go elsewhere.

How much and when will money be taken from my account?
The insurance companies on average take approximately 2 weeks to process submitted claims. Whatever the allowed amount is, your copay, coinsurance, and deductible are taken into consideration. It simply depends on your individual policy what you may owe. Once the insurance explanation of benefits is received and posted to your account, any patient financial responsibility will be processed at the time.

Which secure software system are you using and how does it work?
The software system is PayTrace a Nationwide Payment Solution System. This system is compliant with the Payment Card Industry Data Security Standards (PCI DSS). No data is stored on our local computers or servers. All customer payment account numbers are encrypted as soon as they enter the PayTrace system. And, the data is stored in geographically remote and fully redundant high security data centers.

What are the benefits?
It saves you time and eliminates the need to write checks, buy stamps or worry about delays in the mail. Plus, if you have a rewards program linked to your card, you can earn rewards for bills you already pay.

What if there is a payment discrepancy or I have other payment questions?
Please contact our billing specialist directly to settle payment discrepancies or for other payment questions.

Will I still receive a paper bill by mail?
No. We want to eliminate printing and mailing statements.
