What to expect at your visit today by our highly trained professionals

At your visit, you may have a full skin exam, partial skin exam, and/or surgery or other procedures which are deemed medically necessary.

Upon examination, your provider may determine you need surgical and/or other procedures. Some may be able to be performed at the same appointment setting. Other procedures will require a future appointment.

Many procedures, even some which may seem minor, are categorized for insurance purposes as surgical procedures. These will be processed by your insurance plan as such. Please be aware of your surgical benefit, as the allowed reimbursement may be applied to your deductible. In this case, the fee will be your financial responsibility.

If your concern is hair loss (known as alopecia), please be aware this diagnosis is a non-covered benefit by some insurance companies. This is a judgment made by your insurance plan and it is not usually known until after submission by our office and our receiving of the explanation of benefits (EOB). The charges for the visit, for this diagnosis, again will be your financial responsibility.

Cancellation Policy

Frederick Dermatology Associates requires a 24 hour notice when cancelling a medical appointment. I understand that I will be liable for a charge of \$40.00 if I fail to give such notice. A 72 hour cancellation notice is required for a cosmetic/surgical/aesthetician appointment or a \$100.00 fee.
